

RM761 or RM763 Ordering Information

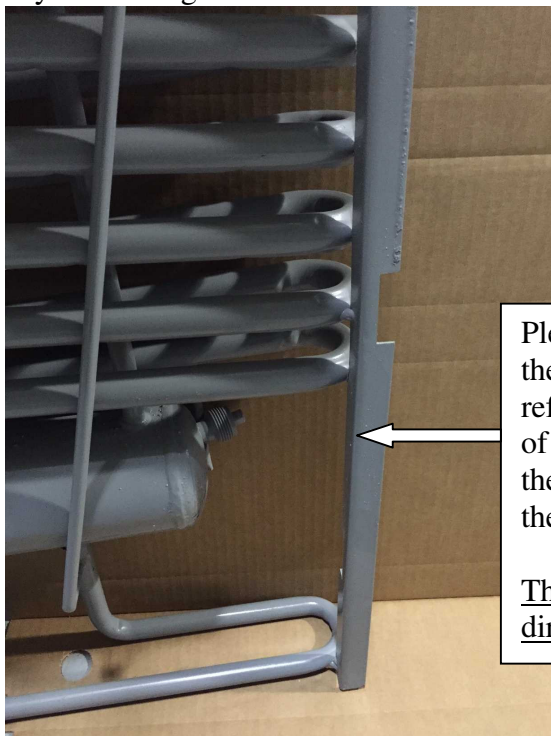

If your cooling unit looks like this: Order model number RM761

Please Note: This picture is of the front side of the cooling unit (the side that faces into the refrigerator). As you are looking at the BACK of your refrigerator, this tube is barely visible on the LEFT side of the cooling unit, behind the frame.

The capillary tube from the thermostat feeds into the small tube.

If your cooling unit looks like this: Order model number RM2604

Please Note: This picture is of the front side of the cooling unit (the side that faces into the refrigerator). As you are looking at the BACK of your refrigerator, look at the LEFT side of the cooling unit. This version does NOT have the small tube behind the frame.

The capillary tube from the thermostat feeds directly into the foam pack.
